

An aerial photograph of a tropical bay. A large, light-colored rock overhang frames the top and right sides of the image. Below the overhang is a sandy beach and a small boat in the turquoise water. The water transitions from a light turquoise near the beach to a deeper blue further out. The text "IMPULSE!" is written in red, uppercase letters in the upper right corner.

IMPULSE!

UNBREAKABLE BARWARE

Unbreakable Barware

Designed Without Compromise

Behind every memorable poolside gathering, rooftop cocktail program, spa, banquet operation and any outdoor celebration are products that perform beautifully, service after service, season after season.

Our **SPLASH SOCIETY** Collection was created with that philosophy in mind.

Crafted from premium polycarbonate, Tritan™, and acrylic, each piece combines remarkable durability with exceptional optical clarity, delivering the refined appearance of glass while meeting the performance demands of today's most discerning hospitality environments.

And in signature **IMPULSE!** style, every piece screams of personality and dares the guest to wine and dine indulgently! Our collections are engineered to withstand the rigors of continuous commercial use.

They resist breakage, maintain their clarity, and preserve their appearance through years of service, reducing replacement costs while providing peace of mind in settings where safety and reliability are essential.

Every silhouette has been selected with presentation and high design in mind. Clean lines, balanced proportions, and timeless forms complement contemporary cocktail programs while integrating seamlessly into a wide range of hospitality concepts.

The result is a collection that elevates every beverage presentation without drawing attention away from the experience itself.

This is barware designed to endure—without sacrificing elegance.

Materials

Polycarbonate

Engineered for exceptional impact resistance and lasting clarity, premium polycarbonate offers unparalleled durability for the most demanding commercial environments.

Tritan™ Copolyester

Celebrated for its crystal-clear brilliance, Tritan™ offers the elegant aesthetic of fine glass with outstanding resilience. Resistant to clouding, staining, and odors, it maintains its clarity and beauty through years of repeated commercial use.

Acrylic

Lightweight yet remarkably durable, premium acrylic delivers exceptional versatility for outdoor dining, poolside service, beverage displays, and casual luxury environments. Designed to look exceptional on the first service—and thousands thereafter.

Enjoy every single sip!
