We Are Impulse!

We were founded with a clear and creative objective: to bring beauty, a sense of indulgence and touches of luxury to hospitality, foodservice and retail clients around the world.

We embarked on a journey to create a truly lifestyle-oriented brand that would create special moments, memories and experiences for our clients, capturing a spirit of passion and personality in all that we do. We not only design and manufacture items that make life more rich and colorful; we find creative solutions to help our clients build and extend their brand through the most meaningful product imaginable.

COPPER FLA

Low-Impact Products

La Tavola's Organic and Mineral Risers have the added benefit of being made from a specially-formulated co-polyester resin that combines performance with environmental responsibility.

Eco-resin incorporates 40% pre-consumer recycled content without compromising aesthetics or overall physical properties, is compatible with one of the largest post-consumer recycling streams, and is GREENGUARD® Indoor Air Quality and Breeam Certified.

Our products bring to life hand-crafted materials from artisans around the world. La Tavola uses beautiful indigenous products customized for the production of the Riser's panels, encouraging the development of a sustainable market for the artisans and the communities to which they belong.

These materials are encapsulated in the Organic and Mineral Risers, creating modern design aesthetics.

Functional Modules

WITH WARMING, COOKING, COOLING AND MIXOLOGY MODULES AVAILABLE, THE DYNAMIC BUILT-IN MODULAR SYSTEM® GIVES LA TAVOLA'S BUFFET STATIONS TOTAL VERSATILITY

At the heart of the Modular Line is our Dynamic Built-In Modular System (DBMS), technology patented by La Tavola®.

The DBMS is a very clever yet simple mobile frame that allows you to incorporate any of La Tavola's functional modules for warming, cooling and ambient temperature display into any one of our tables.

This is how we have created a system that knows no boundaries.

EACH MODULES COMES WITH A DURABLE CUSTOM-MADE CASE FOR STORAGE AND TRANSPORTATION.

WATERPROOF, EASY TO CLEAN, HYGIENIC.

MODULES COMES IN 3 SIZES (SMALL, MEDIUM AND LARGE)

HPL Panels and Tops

LIGHTWEIGHT, DURABLE AND EASY TO CLEAN

The tiles are made of HPL, a high-performing material ideal for the intensive use which is typical in the foodservice industry.

HPL tops and sides are durable and lightweight.

They have a great look and feel, and with a variety of different finishes available, matching your interior décor is easy.

Bone China

The exotic flavours and traditions of the East meet the modern presentation of the West to create a single culinary and cultural experience.

Introducing tableware that simultaneously embraces the traditional and the contemporary. Perfect for those who wish to present their own fresh ideas.

A tribute to both style and substance.

BONE CHINA TRANSLUCENT APPEAL

Our bone china is composed up of 45% bone ash, 35% kaolin and 20% feldspar.

The result is a delicate ivory colouring with a unique lightness and transparency, yet it manages to be both beautiful and durable, unusual and traditional.

Patents and Proprietary Designs

All product designs are registered by La Tavola. Any reproduction or imitation is forbidden by law.

The following products are covered by international patents and copyrights: Dynamic Built-in Modular System®, Libro®, Foldable Front and Back Bar®, Icona®, Icona Secret®, Symphony Action Station®, Symphony Cart®, Symphony Front and Back Bar®, Amphora Cocktail and Buffet Table®, Seagull Front Bar®, Swift F&B Carts and Table®, Goose Heat Lamp®, Magic Chafer®, Multi-purpose Tops®, Cover Oven Dry Chafer®, Dry Warmer for Induction® and Dry Chafer for Induction®.

LA TAVOLA will not hesitate to take legal action against any infringement of patents or registered designs in order to fully protect its intellectual property.

The purchasing of imitation goods may also have legal implications. Design and technical information shown in this document is subject to copyright and may not be used by other parties without prior written approval from LA TAVOLA.

WARRANTIES

All LA TAVOLA products are guaranteed against any defect of manufacture or material. If, after the manufacturer's inspection, they are found to be defective, they will be repaired or replaced free of charge.

Electrical items and induction-powered items have a 18 months warranty period.

After 18 months, La Tavola will ensure limitless availability of spare parts needed as well as consulting and service for repairs.

The warranty does not include damages resulting from misuse, abuse, wear tear or incorrect maintenance.

CARE AND MAINTENANCE

(Sorted by product category/material)

Freestanding buffetware, Action Stations and banqueting furniture

- » Stainless steel parts: Wash the items with hot water and neutral detergents on a soft cloth (do not use detergent containing chlorine and/or alkaline cleaners). Dry the items thoroughly and store them in a dry place. Never use any type of scarper or steel wool which will scratch the surface of the items. The items must be washed as soon as possible after use to avoid any prolonged contact with food remnants. Do not wash in the dishwasher.
- » PETG elements (transparent covers): Wash the items with water and neutral detergents on a soft cloth (do not use detergent containing chlorine and/or alkaline cleaners). Never use any type of scarper or steel wool which will scratch the surface of the items. Do not wash in the dishwasher
- » High Pressure Laminates (HPL): wash HPL items with water and neutral detergents on a soft cloth. Never use any type of scarper or steel wool which will scratch the surface of the items. Do not wash in the dishwasher.
- » Organic & Mineral Risers: Ecoresin, like all thermoplastic resin materials, should be cleaned periodically a regular, seasonal cleaning program will dramatically help prevent noticeable weathering and dirt build up. Rinse the sheets with lukewarm water (be careful not to expose edges of organic or fabric interlayers to water) remove dust and dirt from the risers with a soft cloth or sponge and a solution of mild soap and/or liquid detergent in water. Rinse thoroughly with lukewarm water. Never use scrapers or squeegees. Keep edges dry and free of liquids. Do not rub with a dry cloth. Because the materials used are organic in nature (i.e leaves, branchesand twigs) it is natural for them to alter slightly in appearance over time. Natural materials are also subject to inherent inconsistency in color, texture and shape. Slight delamination on saw cut edges is also to be expected.

CERTIFICATION

La Tavola is proud to announce that have obtained the ISO 9001:2015 certification.

Our company has always adhered to these principles:

- » Making quality its priority
- » Exceed customer expectations
- » Creating and nurturing a team of excellent people
- » Considering customers as the company's most important asset

In order to achieve these goals and aim for constant, long-term improvement, La Tavola has decided to challenge ourselves and embark on the path towards ISO 9001:2015 certification.

ISO 9001 certification is a worldwide standard that establishes the requirements for a solid Quality Management System. It details the specific processes, procedures and activities that organisations must create, implement, maintain and improve to successfully manage the manufacture of products or delivery of services.

ISO 9001:2015 specifies the requirements for a quality management system when an organisation:

Must demonstrate its ability to consistently provide products and services that satisfy customers and applicable regulatory and legal requirements,

Aims to improve customer satisfaction through effective implementation of the system, including system improvement processes and ensuring compliance with customer and applicable regulatory and legal requirements.

Management System ISO 9001:2015

www.tuv.cor

La Tavola has successfully demonstrated its eligibility for certification and is committed to continuous improvement of its products and services to achieve maximum customer satisfaction.
